VENSTRE

Teamed up with
tomorrow.

" Education is our best insurance for tomorrow.

Trine Skei Grande
Party leader

Everything starts with education.

Children that feel safe and happy, learn more. The best schools are those where every child can thrive. All children deserve teachers that give them the opportunity to shape their own future.

We will:

✔ let teachers spend more time with the pupils and less on bureaucracy

✔ offer teachers more continuing education

✔ make sure children who struggle get help right away

✔ make kindergarten and after-school programs free for needy families

Take better care of nature.

Norway has an amazing nature. It is the foundation for our welfare. But our nature is vulnerable. That is why Venstre wants to take better care of the environment. We want to make it simple and affordable to be eco-friendly.

We will:

✔ keep the oceans free from plastic and litter

✔ go against oil drilling in Lofoten, Vesterålen, Senja and the Møre-banks

✔ provide cheaper public transport and more low-emisson cars

✔ protect the great predators and discontinue fur farming

It's all about the generations to come.

Ola Elvestuen
Deputy leader

> **Creating a job for yourself and for others is something to be proud of.**

Terje Breivik
Deputy leader

Create more jobs.

Creating new jobs has to be easier, regardless of where you live. Venstre supports job creators, entrepreneurs and small businesses. People who have the guts to create something new should get the same social benefits as everyone else.

We will:

✔ secure equal rights to sick pay and pensions for the self-employed

✔ remove the pay roll tax for new businesses

✔ get rid of unnecessary regulations and red tape for small

✔ make it more profitable to invest in new jobs

venstre.no/english

Venstre is Norway's social liberal party. We want our children and grandchildren to live in a world that is even better than today.

That is why Venstre is teamed up with

tomorrow.
